

## **2024 Valkyrie Moto Rally Statement of Personal Responsibility**

For the purposes of this document, Valkyrie Moto Rally, or VMR, is inclusive of the event, any staff or volunteers, any contractors and/or suppliers of the VMR, and any other person or entity who provides any service to the VMR. As an entrant in the 2024 Valkyrie Moto Rally, I have agreed by my proposed and actual participation in this event that:

1. I have read and understand the rules as shown on the event website (Valkyrie Moto Rally Rules and Guidance).
2. I understand and acknowledge that motorcycling is a hazardous activity and that the VMR neither encourages nor tolerates any illegal activity on the part of any entrant(s) in the 2024 Valkyrie Moto Rally.
3. I understand that the VMR is neither a race nor a contest of speed but rather a challenge of navigation, time management and planning skills of the entrants.
4. I have taken the necessary steps to prepare my motorcycle for long-distance riding and certify that it is ready to be safely operated for the duration of the VMR.
5. I promise to hold harmless, indemnify, and defend the Valkyrie Moto Rally from any claim of liability by any third party which arises at any time against the Valkyrie Moto Rally as a result of any activity related in any way to my participation in the 2024 Valkyrie Moto Rally and that this promise made by me is binding on my agents, heirs and/or assigns.
6. I understand that it is my responsibility to ensure that I am prepared to handle any and all implications of a motorcycle accident that could happen at any time, including during my participation in the VMR.
7. I understand that participating in long-distance motorcycle events may present me with challenges and hazards outside of what ordinary motorcyclists experience. I certify that I possess the skills necessary to make appropriate decisions in these times and accept responsibility for the decisions I make.
8. I understand that the rallymaster, or any of her staff, does not ever intend for me to ride a motorcycle in unsafe conditions. I am solely responsible for my decisions to ride my motorcycle in weather, darkness, road conditions, or any other situation, whether natural or manmade, that may be less than ideal. I am always responsible to decide what challenges I am up for, and accept the consequences in full if my decision was not appropriate.
9. I agree that I am solely responsible for my own conduct during the VMR.
10. I agree that I sign this statement of personal responsibility as my own act and of my own free will, absent any misunderstanding on my part about the nature, risks and hazards to myself and others of long-distance motorcycle riding in general and the 2024 VMR in particular.
